ABOUT MRM

MrMartin musical style: catchy, poppy, lyrics His stage presence: unbridled energy, a genuine connection with the public and above all: entertaining! Because Gentlebadboy MrMartin is extravert, a bit eccentric, colorful with a touch of bad boy. During his gigs he invites the public to join him in these qualities, because: are they not in everyone? And then... the big bad party begins. With his energetic appearance, MrMartin easily fills the large stages.
